F

or more than 25 years Stanton Glass Studio has been creating distinctive, one-of-a-kind architectural

stained-glass pieces for a broad range of clients, including churches, hotels, resorts, restaurants, and homeowners. Stanton's talented staff has produced masterpieces in glass, ranging from large church windows to many decorative elements at the landmark Driskill Hotel in Austin. In the residential

realm, the company handcrafts unique custom-stained and beveled glass elements, from doors, windows, domes, and ceilings to stunning light fixtures.

Stanton's craftsmen also specialize in the preservation, restoration, and repair of historic stained-glass win-

dows. Stanton's staff of craftsmen are up-to-date in the latest conservation and restoration techniques used in the preservation of historic stained glass.
